THE COOPERATIVE DORMITORY.

Dean Gildersleeve calls attention in her last report to the coöperative dormitory "our enterprising alumnae are organizing." We wish to announce to our Alumnae as a whole that our ambition has been realized. Those attending the Alumnae meeting of October who visited the new dormitory and inspected its simply but tastefully furnished rooms came away assured that the committees in charge of the work were to be congratulated. Certainly, the new dormitory is charming and homelike. We cannot help feeling that this last enterprise of ours will be a "real service to the College."

THE BARNARD FARM.

We wish to present to the notice of the Alumnae as a whole the project of the "Barnard Farm" and to quote for the sake of emphasis the words of our Dean on the subject.

"Another group of our alumnae are beginning an experiment which may lead to the filling of another very real need. This is a plan for a 'Barnard Farm,' near enough to New York to be cheaply and quickly accessible, and far enough to seem really 'country,' where groups of our students could go for week-ends during the college year and longer visits during vacation seasons. This is as important as the 'coöperative dormitory,' for if it could be satisfactorily worked out it would be of great benefit to a large number of our students in improving their physical health and also giving them opportunities for pleasant social intercourse and friendships sometimes lacking. It is to be hoped that this scheme, so rich in delightful possibilities, may develop successfully and win the necessary support."

AMENDMENT TO THE BY-LAWS.

We wish to call to the attention of the Alumnæ the following amendment to the By-Laws. It is the earnest hope of the Committee of Elections that this change in the manner of election will stimulate interest in our annual meeting and largely increase the attendance at it.

That Article 5, Section 4, be amended to read as follows: The five officers, President, 1st Vice-President, 2nd Vice-President, Secretary, and Treasurer, shall be elected in order by written ballot at the annual business meeting of the Associate Alumnæ. In addition to the list of candidates presented by the Nominating Committee, nominations may be made from the floor. The person receiving the majority of votes shall be declared elected to that office. If no candidate receives the majority on the first ballot, the names for the second ballot shall be limited to the two candidates receiving the highest number of votes on the first ballot. The members of the Nominating Committee shall act as tellers and shall announce the result of each election before proceeding to the election of the next officer in order.

REPORT OF THE COMMITTEE ON MEMBERSHIP AND STATISTICS.

During the year the Association has acquired 83 new active members, 5 of these by reinstatement. Three have been added to the roll of Associate members. Two have been added to the roll of Life members: Mrs. John E. Bates, '02, and Miss Anna C. Mellick, '96.

Six alumnæ have died: Miss Margaret L. C. Claffy, '04, Mrs. Joseph E. Corrigan, '04, Miss Caroline A. Duror, '14, Miss Jean W. Tatlock, '95, and Mrs. Albert B. Unger, '13, all members of the Association; and Miss Amelia A. Clement, '11.

On March 13, 1916, in accordance with the provisions of the By-Laws, 32 active members were dropped from the rolls for non-payment of dues.

Following is a summary of the growth of the Association during the year:

	Active	Associate	Total
10-15-'15.	790	10	800
Increase			
New	78	3	81
Reinstated	5	0	5
	<hr/>	<hr/>	<hr/>
	873	13	886
Decrease			
Died	5	0	5
Dropped	32	0	32
	<hr/>	<hr/>	<hr/>
	836 (43 Life)	13 (1 Life)	849

The net gain in membership for the year is 46 active and 3 associate members. During the preceding year the net increase was 90 active members. In part the smaller increase during 1915-16 may be explained by the fact that the practice of sending bills for reinstatement and new membership with notices of the annual luncheon to all eligible non-members was discontinued. This method of securing additions to the roll had been singularly successful, resulting in 1914-15 in over 60 new memberships and reinstatements, and the Committee strongly recommends its resumption during the coming year.

In the above statement the good-sized contributions of 1912 and 1915 are to be noted. 1912's was collected by Mrs. Lowther, a member of the Students' Aid Committee, and 1915 voluntarily offered theirs, which was a great gratification to the Committee.

Of the loans paid back fully \$400 has been paid ahead of time. The total amount of loans granted during the college year 1915-16 was \$809.50. These loans were granted to 6 Seniors, 3 Juniors, and 2 Sophomores.

Two Sophomores applied in the Spring of 1916 for loans for this Fall and their applications were both refused.

The loans granted at this September meeting for 1916-17 amounted to \$635. They were granted to 3 Seniors, 2 Juniors, and 2 Sophomores.

The Students' Aid Committee has long felt the need of some social advisory work among undergraduates, and last February it sent a recommendation in this matter to the Alumnæ Council. The latter acted favorably upon the recommendation and then consulted with the Dean. The Dean, after consultation with the various Alumnæ connected in any way with work among undergraduates, asked the Students' Aid Committee to take up social advisory work temporarily in addition to its other duties.

All winter the Board of Directors was investigating the matter of a Coöperative Dormitory. The Committee decided that a Coöperative Dormitory was feasible and they asked the Students' Aid Committee to inquire among the undergraduates

if the dormitory was needed. Consequently, the proposed indefinite social advisory work of the Students' Aid Committee was immediately transferred to the definite work on a proposed Coöperative Dormitory. After due investigation the Directors decided to establish such a dormitory, and handed over the work to the Students' Aid Committee, granting it money to purchase the equipment. The latter in turn appointed a Sub-Committee with Mrs. Boyle as Chairman.

REPORT OF THE COOPERATIVE DORMITORY COMMITTEE.

The matter of starting the Coöperative Dormitory having been placed in the hands of the Students' Aid Committee by the Board of Directors, a Sub-Committee was appointed by Miss Parsons, which began work the end of May. Owing to the great interest and unflagging energy of the late Miss Tatlock, in keeping this matter before the Association during the winter of 1915-16 and to the excellent report of conditions made by her, the Committee felt in starting that the hardest part of the work had been done. What remained resolved itself into the following parts:

I.

Personal Interviews with Students.

Seventeen students who had signified their interest in coöperative living were individually interviewed. This supplied an answer to any doubts still remaining as to the advisability of starting the dormitory at once. Those interviewed were very enthusiastic and made excellent suggestions.

II.

General Plan of Operation.

Tentative budgets of weekly expenses were drawn up and discussed. It was decided to establish the dormitory in an apartment house near Barnard and to supply all meals. In order that this may be done, with the least possible expense for service, the students are to do all the house work except

cooking and flat laundry. They have the privilege of doing personal wash at a small rate for gas. The rate per capita per week for board and lodging is \$7.25. At this point the Committee started to consider supervision and a great piece of good fortune came to it. Doctor Ida H. Ogilvie, a member of the Barnard Faculty, came forward and offered to supervise the dormitory if it could be arranged to take apartments near to her. This is what has made the Coöperative Dormitory possible.

III. Apartments.

After consultation with Dr. Ogilvie and a thorough canvass of the neighborhood near College, two apartments large enough to accommodate fifteen students were leased for a term of two years. These apartments are at 99 Claremont Avenue, in an apartment house into which Dr. Ogilvie has moved.

IV. Furnishing.

This Committee has bought furnishings which seem to it to be as durable and as attractive as possible at a moderate figure. The original appropriation of \$1,500 has been exceeded. This was done with the approval of Miss Loveman, Chairman of the Finance Committee, in conference with the Treasurer of the Association, Miss Baldwin.

The items of expense were as follows:

1. For furniture: chairs, bureaus, etc.....	\$595.50
2. For beds.....	196.00
3. For bedding.....	198.06
4. For linen.....	231.15
5. China, glass and silver.....	110.53
6. House furnishings.....	152.93
7. Rugs and linoleum.....	93.18
8. Curtains.....	58.00
9. Telephones, postage, sundries.....	48.33
10. To cover additional accounts, including desk lights	200.00
	\$1,883.68

The Committee expects to turn back to the Association about \$50.

V.

In sending out a circular concerning residence, Dean Gildersleeve very kindly included an announcement of the Alumnae enterprise. Miss Parsons undertook the heavy work of receiving and answering the applications, of which there were fifty, divided as follows:

29 were refused.

6 living in New York or Brooklyn were kept on a waiting list.

15 were assigned to places in the dormitory, of whom 6 are Scholarship girls, and 2 more have been given Pulitzer Scholarships of \$50 each. Preference was given to those applicants living at the greatest distance from New York. The Coöperative Dormitory affords to those students whose circumstances do not permit them to live at Brooks Hall a chance for dormitory life.

The 6 scholarship girls live at a distance; of the others, 3 could not any longer afford to live at Brooks, 2 live too far to commute successfully, 2 were living alone on Morningside Heights, one had for 3 years worked her way through college and this, her last year, was her first chance for dormitory life.

VI.

Administration.

Under Dr. Ogilvie's direction, a system of student government has been established. Those in residence work out the details of household management with the help of a former Barnard student, Miss Jean Moehle, who acts as House Secretary. There is a most efficient cook under the supervision of Miss Jameson. Mrs. Caroline B. Stacey, Treasurer of the General Committee, takes charge of all financial matters.

REPORT OF MRS. McANENY, ALUMNAE TRUSTEE.

The Alumnae Trustee has been made a member of the Committee on Education of the Board of Trustees. This appoint-

ment shows that the Trustees are interested in having the co-operation of the Alumnae representative. The latter will be very glad to have any suggestions or constructive ideas that could appropriately be considered by the Board of Trustees.

REPORT OF THE ALUMNAE COMMITTEE ON ATHLETICS.

The program of the Committee's activities for the past year varied little in character from that of the preceding year. A step forward, however, was made in the opening of three athletic centres in Brooklyn.

The work which had begun a few years ago with 25 alumnae from one college had grown until in the three years of its intercollegiate existence it had had almost 1000 registrations, including alumnae from more than fifty colleges. The time seemed ripe for the founding of a larger and more permanent organization, and the Committee brought about on April 25th the establishment of the first Intercollegiate Alumnae Athletic Association in the country. The work of the new organization will be carried on through the usual officers, but in addition there will be a paid secretary.

Although the Committee's charges for alumnae athletics have always been low, the work has been financially successful from the start, so much so that the committee has been able to return the \$18.00 originally given by the Alumnae Association, to equip the Barnard tennis courts with new nets and posts, to give \$100 to start the new organization, and to give \$100 as a contribution to the Barnard gymnasium fund.

In view of the fact that there will be no further need for the present Committee, it asks that it be formally dismissed. In disbanding the Committee wishes to thank the Alumnae Association heartily for its interest and support, and to ask for a continuation of both for the work of its successor, the new athletic association.

REPORT OF THE A. C. A. COUNCILLOR, MISS VAN HORNE.

At the Council meeting in Chicago, April 22, 1916, Barnard was represented by Mrs. R. H. Sherwood, '06.

In regard to the financial standing of the Association the President contrasted its present prosperity with its condition in 1912. Then there were 34 branches and a deficit in the treasury. Now there are 74 branches, an income from dues for 1916 of \$6,838.00, and a surplus in the treasury.

The chief discussion of the session was on the subject of what policy should be pursued by the Committee on Recognition for Admission of Colleges and Universities. It was finally decided that the Committee take as a criterion of admission the list compiled by the Association of American Universities for the Admission of American Students to Foreign Universities, together with any other lists at its disposal.

It was decided to award the Alice Freeman Palmer fellowship with a stipend of \$1,000.00 every other year beginning with 1918. In alternate years the Anna C. Brackett is to be given.

At the biennial meeting of the Association next April, in Washington, the following two subjects will come up. If the Alumnae of Barnard feel that their delegate should present any definite policy to be pursued on these or any other matters she will be very glad to have suggestions.

It has been recommended that two new national Committees be formed.

1. An Americanization Committee to take up the work of education of the immigrant family for citizenship.

2. A Committee on Student Aid, the function of this committee to be the unification and better organization of the student aid work now being done by many of the branches and further stimulation of such work.

REPORT OF THE EMPLOYMENT COMMITTEE.

The objects of the Employment Committee are as follows: to keep in touch with the vocational affairs of the day, to point

out to the Undergraduates the various fields of work open to college women, and to advertise the employment office.

The Undergraduates, as a result of a conference with the Dean, publish a weekly column in the "Bulletin" in which items of vocational interest to college women appear. The Committee will as usual publish several letters by women successful in their chosen professions. At the invitation of this Committee, Miss Frances Cummings, Manager of the I. B. O., spoke to 125 Undergraduates on "Vocational Opportunities in New York."

In March, 500 circulars were sent out to advertise the employment office. Other circulars have been published this fall stating various sorts of part-time work for which student applicants are available.

Miss Doty reports 247 appointments, 51 for full time, permanent positions, 28 for part-time positions of 10 weeks or more, and 168 for temporary positions. Of these appointments 136 were of Alumnæ, 111 of Undergraduates. As nearly as can be estimated, the amount earned through the year's appointments is \$30,235.00.

Miss Doty states that the large increase in the number of calls for secretaries has not been met by a corresponding increase in the supply and many good positions have gone begging.

Positions to which appointments were made include teachers, tutors, governesses, stenographers, clerks, statisticians, librarians, settlement workers, mother's helpers, chaperones, camp councillors, and houseworkers.

REPORT OF THE I. B. O.

During the year ending October 1, 1916, the activities of the Intercollegiate Bureau of Occupations have been more than double. Applicants to the number of 972 registered. The number of positions registered was 1373 and the number filled was 803. The ratio of applicants to registered has not varied, being still 83%, while there is a falling off of 8% in ratio of positions filled to those registered. This is due to increasing

difficulty of finding qualified applicants in proportion to growing demands of the business world, a proof that women are giving satisfaction to their employers but at the same time an argument for raising the standard of registration. This and other reasons have led the I. B. O. to eliminate from their lists all tutoring jobs, resident positions with children, brief temporary clerical positions, and all jobs with salaries below \$12 except apprentice positions with the possibility of a future.

During the year ending October 1, the office received 4085 people ineligible for registration. They consume time and thought but are non-income producing to the Bureau.

Barnard, by the new organization effected May, 1916, is an organization member paying \$25 dues annually and represented by two elected directors. There are eleven such organization members, the original nine alumnae associations and those of Swarthmore and Goucher in addition. Individuals may join by paying annual dues ranging from \$1-\$10. Barnard alumnae to the number of 150 are now individual members. Men and women are included in the membership.

On March 11, an intercollegiate rally was held by the I. B. O. at which the speakers included Dean Gildersleeve. 380 people attended.

As to investigations, the pamphlet on "Opportunities in Occupations Other than Teaching" has been reprinted owing to the demand. Facts about fifteen different occupational groups are contained in it. A study of social work positions reveals 400 salaried positions in New York City alone, of these three-fourths are filled by women.

In coöperation with the A. C. A. the I. B. O. has secured statistics from twelve to fifteen thousand alumnae of the nine colleges originally managing the Bureau and three others. This important information has never before been secured for so large a group of college women. The results from it will be available this winter.
