COLLEGE SETTLEMENT ASSOCIATION NEWS.

The second attempt of the Barnard Chapter of the College Settlement Association, on March 10, to get a quorum to decide upon the advisability of presenting "Midsummer Night's Dream" at Barnard failed. The subject of presenting the play was, however, thoroughly discussed and it was found that those of the members of the association who were present approved of the plan. Immediately after the adjournment of this meeting a meeting of the officers of the chapter was called. Considering the feeling of the association was thoroughly in favor of presenting the play under the auspices of the chapter it seemed a pity that the plan should be given up on account of the failure to get a quorum. The officers of the association therefore decided to present the play on the evening of February 20, at 8 o'clock, with a uniform price of 50 cents for tickets and no reserved seats.

The following committees were appointed: Committee on Arrangements—Margaret Stone, '04, chairman; Edna Fry, '03; Caroline Lexow, '04; Mildred Farmer, '05; and Josephine Paddock, '06. Committee on Sale of Tickets—Kate Doty, '04, chairman; May Johnson, '03; May Parker, '04; Florence Nye, '05; and Balnche Marks, '06.

The ushers will be—Florence Cheeseman, '03; Louise Peters, '04; Helene Wheeler, '05, and Beatrice Morgenthau, '06.

The electors of the association are: Student Elector—Katharine Goodyear; Sub-Electors—Edna Fry and Lucile Kohn, '03; Margaret Stone and Edith Van Ingen, '04; Helen Cooley and Grace Farrelly, '05; Edith Somborn and Josephine Paddock, '06.

The cast of the play is made up of members of the various clubs connected with the College Settlement work in Rivington street. They have trained themselves for the performance and have done very good work, as was shown when they gave the play some two weeks ago. Mendelssohn's music will be rendered by the College Settlement Orchestra, under the management of Mr. Arthur Perry, who is a member of Damosch's Orchestra. A most interesting evening is promised and it is hoped that the theatre will be filled.

BARNARD'S BENEFACTOR KNOWN.

It has been announced that the giver of one million dollars to Barnard College is Mrs. Elizabeth Milbank Anderson, the wife of Abram A. Anderson, a noted artist, and daughter of the late Jeremiah Milbank. Mrs. Anderson is vice-chairman and acting chairman of the Board of Trustees of Barnard.

Mrs. Anderson also gave Milbank Hall to Barnard, including the equipment except, of course, the Ella Weed Reading Room.

1903 CLASS DAY ELECTIONS.

The Class of 1903 held a meeting on Wednesday, March 11, for the election of Class Day officers. Anita Cahn was chosen for Presentation Orator, May Johnson for Statistician. Jean Miller will give the Valedictory and Anna Ware will read the Class Will. The class president, Claire Howard, will, of course, give the Salutatory. At this meeting Marian Latham resigned from the Senior Dance Committee and Madaline Skinner was elected in her place.

1903 PARTY.

The Class of 1903 will give a class party as soon as the senior theses are all in.

RECEPTION TO M. MABILLEAU.

On Wednesday afternoon, March 18, in the theatre, La Societe Francaise will entertain Monsieur Leopold Mabileau, directeur du Musee Social, et Membre Correspondant de l'Institute de France. Monsieur Mabileau will give a short address at 4 o'clock, after which there will be a reception. Students taking French courses, and those particularly interested in French have received cards to this reception.

Y. W. C. A. MEETING.

At a cabinet meeting of the Y. W. C. A. last Thursday, it was decided that the members of the Association should spend a social evening together in Earl Hall on Monday, March 23.

BARNARD vs. ADELPHI.

In the basketball game between Barnard and Adelphi at Adelphi, on Saturday, March 14, Barnard lost by a score of 8-7. The teams were evenly matched, and Barnard took no officials. Barnard's score was made as follows: Abigail Talbot, 2 goals from the field; Nan Fisher one goal from the field and one foul goal.

BARNARD VS. SMITH ALUMNAE.

On Tuesday afternoon, March 24, the Barnard Basketball team will play the Smith Alumnae team in the Barnard gymnasium at 4 o'clock. Seats will be provided around the walls of the gymnasium for spectators.

FRESHMEN LOSE IN BASKETBALL.

The Woodside High School girls defeated the Freshmen at basketball at Woodside by the score of 19 to 0.

The team work was about equal on both sides, but the Barnard players failed to cage the ball on any of their numerous opportunities. The Woodside five, on the other hand, did some splendidly accurate throwing. Miss Madeline Reymert throwing three baskets in quick succession from the centre of the field.

Barnard's poor goal throwing undoubtedly was the cause of its severe defeat. Irma Belinman and Catharine Post did the best work for the visitors.

One of the most enjoyable parties that the Class of 1905 has had took place Friday, March 6. There was a jumping rope contest for which a prize was given. Several games and dancing followed. Miss Stecker, of Cornell, was a guest on this occasion.

BARNARD BULLETIN,

BARNARD COLLEGE,

Broadway & 119th Street, COLUMBIA UNIV., N. Y.

MONDAY, MARCH 16, 1903

We regret to announce the resignation of Hope Purdon, '05, from the Board of Editors. Lily Murray, '05, has been elected associate editor.

There comes again to our ears the often repeated question, why are the clubs at Barnard in such a state of lethargy? That there is reason for such a question to arise is only too deplorably true. After a long period of inactivity the Societe Francaise is again doing something, but how are the Deutscher Kreis, the Greek Club, the Barnard Bear and the Botanical Club occupying themselves? At the beginning of the year all these societies started out with renewed vigor and with promise of great things; but what has been the outcome? We do not wish to be hasty in judgment, but we believe that something must be radically wrong. Probably the students are tired of hearing this subject agitated in the editorial columns of the BULLETIN, but college spirit must be aroused, and what better way is there than through the weekly newspaper?

Now, as to the question in point, what causes the deadness of the clubs? Several answers have been advanced, among them that each student belongs to too many clubs and does not give her heartiest and most energetic support to any one organization. We must all acknowledge that along with our daily academic duties and outside life, it is an utter impossibility for any student to belong to every society in the college, and yet do her duty and be her best self in each of these capacities. Nevertheless, it is an actual fact that there are students who belong to almost every organization.

The result is that some one society must suffer considerably by being neglected for the others, and, in fact, all suffer by not having a wholly devoted interest given to them. Would it not be better for each girl to decide carefully upon one or two societies she wishes to become a member of, choosing those whose interests appeal most to her, and in which she feels she can do the best work and be of the greatest use, and then give her energy to them?

We urge the students to take this matter into serious consideration, and to try to create a sentiment about it. There is certainly room for all the societies which are now in existence at Barnard, if only hearty and judicious support is given them, and girls do not rashly join every one and then really co-operate with none. There is danger that some of the clubs must shortly pass out of existence if something is not done in the matter and with true college spirit.

Our attention has been called to the carelessness of students in regard to books taken from the reading room. It is exceedingly annoying for a girl who has engaged a book for a certain evening and planned her other work accordingly to be unable to get the book. Yet this constantly happens. Students taking books from the reading room for short periods during the day neglect to return them, to the great detriment of those who have the right to them after 4:30. This neglect is without doubt unintentional, but no less annoying on that account. We urge students to be more thoughtful in the matter.

Another subject which is frequently spoken of in connection with the reading room is the noise. Students who wish to do any serious work there find it almost impossible on account of the incessant whispering of girls who are doing their lessons together or of those who are merely carrying on a social conversation, which, if it could not wait until at least be carried on in some more appropriate place. This evil is not as trying as it was last year if we have more room to spread out and the silent study offers a retreat for the desperate; but, as many of the reference books may not be taken from the reading room, not all may avail themselves of this retreat. We urge students to be more thoughtful in these matters.

WOMAN'S GRADUATE CLUB.

A number of Barnard College alumnae who are taking graduate work probably do not know that they are eligible for membership in the Woman's Graduate Club. One of the pleasant features of this organization is the social gathering and serving of informal tea in Earl Hall every Tuesday, Wednesday and Friday at 4:30.

RECENT APPOINTMENTS.

The Trustees have decided not to make any appointment at present to the chair of Physics left vacant by the death of Professor Rood, which chair Professor J. J. Thomson, of the University of Cambridge, found it impossible to accept. The policy which has been adopted includes bringing to Columbia University three young and brilliant investigators in the field of Physics, all of whom will enter upon their duties at the beginning of the next academic year.

A new Professorship of Experimental Physics has been established, and the first incumbent of the chair will be Ernest F. Nichols, Sc. D., now Professor of Physics in Dartmouth College, and one of the most brilliant investigators in Physics in this country. Professor Nichols is a native of Kansas, and received his collegiate education at the Kansas Agricultural College. He subsequently took courses at Cornell University and later studied abroad. He was for a time Professor of Physics in Colgate University, and for five years past has been
